ATTORNEY JOHNSON HITS FRANKLIN HARD

Testifies That Franklin Told Him Darrow Did Not

Give Him Money. Los Angeles, Cal., July 15.—The third month of the bribery trial of Charence S. Darrow was begun today with a victory for the defence.

Judge Hutton ruled that Tom L. Johnson could testify as 10 his confidential relations as attorney for Bert H. Franklin, on the ground that Franklin had forteited the right to the protection of the law precluding an attorney from disclosing professional secrets, by taking the stand and himself revealing those secrets.

tection of the law precisions as a torney from disclosing professional secrets, by taking the stand and himself revealing those secrets.

Franklin Irfal Set

The trial of Franklin on the charge of the bribery of juror George N. Lockwood, the same charge upon which Darrow is being tried, was set today in department 12 of the superior court before judge Cabaniss. The trial was continued indefinitely.

It was concluded that Franklin had gone to Salt Lake City on business.

Johnson testified that he had acted as an intermediary between Bert Franklin and the district attorney's office with the view of getting immunity for Franklin. The witness said he had gone to assistant district attorney Ford, at the request of Franklin, to ask for a continuance of the latter's case, so that Franklin could locate the man who had given him the alleged bribe money.

"I reported to Franklin," said the lawyer, "that I had talked to Ford and that he refused to continue the case; that there would be a grand jury session the following Monday and that if Franklin desired to make a full, open and free confession, Ford would listen to him. I also told Franklin that Ford said he took no stock in the cock and buil story about the mysterious man who gave him the \$1000; that Ford said they were getting more evidence every day and that they had enough syldence to send Darrow to the penitentiary without the aid of Franklin.

Says Franklin Exonerated Darrow.

"Franklin told me at that time neither Dagrow nor Davis bad given him the bride money. He insisted that the man who gave him the money was a small dark man whose name he had not known, but with whom he had had several meetings."

On cross examination, Johnson testified that Franklin had said to him, when he told of the district attorney's

On cross examination, Johnson teati-fied that Franklin had said to him, when he told of the district attorney's

Most Leaders Up One or Cool Weather and Favorable More Points-The Close Strong; Bonds Steady.

New York, N. Y., July 15 .- Last Saturday's pank statement, which completely corrected the unfavorable condition of the preceding week, was helpful to impart a strong tone to the stock market today. Most of the leaders were up a point or more with what looked like accumulative buying. Steel, General Electric, Westinghouse, Amalgamated and Can all shared in the advance, while St. Paul, after early weakness, made more than full recovery. Trading stackened in a marked manner before noon.

Bonds were steady. Sr. Paul sold over two points above its low level of last Saturday in the late tradings today, while other standard shares were inclined to harden, despite the increasing duliness.

The market closed strong. Best prices were made in the last hour on a minimum of operations. American Tobacco was the feature, with less material gains in Snuff, Canadian Pacific, Colorade Puel and Market Petroletics. Colorado Fuel and Mexican Petroleum.
